61<sup>st</sup> GCAGS Annual Convention

October 16 - 19, 2011

Veracruz, Mexico

**GULF COAST ASSOCIATION OF GEOLOGICAL SOCIETIES**

**GOM GEOLOGY GOES BEYOND BORDERS!**

An ancient Aztec icon, **OLLIN**, inspired the 61<sup>st</sup> GCAGS Annual Convention. Ollin represents transformation and creative evolution and also symbolizes the idea AMGP's geologists have about this Convention expressed by its theme: **"Sharing knowledge to add value"**. The convention features a first-class technical program in the relaxed ambiance of the port city of Veracruz.

For the very first time you will have a chance to attend a meeting offering an integrated technical program with an unabridged regional vision of the geology of the Gulf of Mexico.

- 155 technical presentations featuring Deepwater Setting, Geology, and Economics: 95 from southern and western GOM, 53 from northern GOM, and 7 from Cuba.
- Symposium: "Jurassic Regional Framework and Reservoirs in the Gulf of Mexico".
- A luncheon conference.
- 6 short courses including *Fractured reservoirs with examples from southern Mexico and Petroleum provinces of Mexico*.
- 3 field trips to classic localities of eastern and southeastern Mexico: *Chicontepec, Sierra Madre Oriental, and Sierra de Chiapas*.
- Exhibition including networking events.

**Student activities and spouse/guest programs are an integral part of the Convention.**
